Sika Complete set

Complete set, consisting of: 1 Sika irrigation cap, 10 m irrigation pipe, 1 T-branch 90°

DN/OD	art-no
80	35320
110	35330

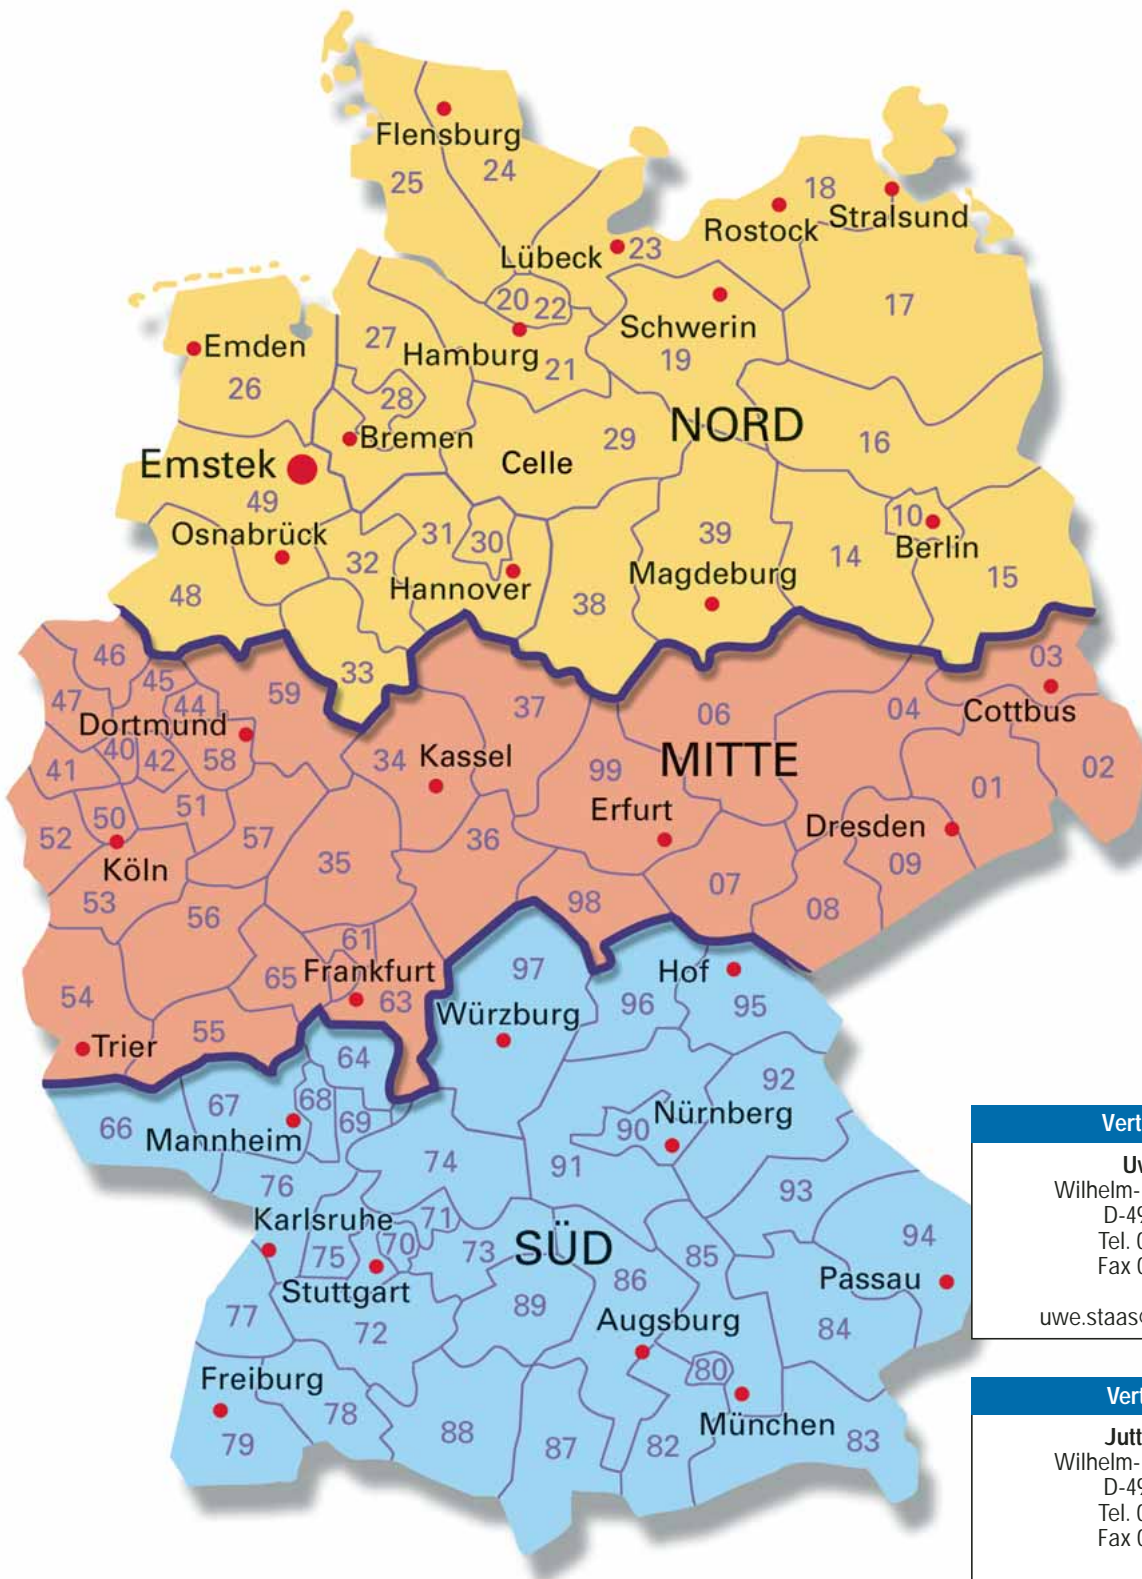

Ring-shaped installation around the roots of trees and plants. The water flows quickly around the roots and resign through the slotted pipe in the ground.

The maintenance with water and nutrients for trees and plants with tank trucks is easy also in stoned areas like pedestrian zones.

We offer two sizes of Sika complete sets:

- Sika cap with pipes DN/OD 80
- Sika cap with pipes DN/OD 110
